

## School of Technology

### Computer Network Systems Administration Lecturer

Michigan Technological University's School of Technology invites applications for a lecturer position in the Computer Network Systems Administration (CNSA) program starting August 2008.

#### Responsibilities

The successful candidate will be expected to teach undergraduate classes and laboratories, promote the CNSA program through local, regional and national engagement, and participate in program assessment activity related to accreditation.

#### Qualifications

Applicants must have: (1) an earned masters in Computer Information Systems, Computer Science, or a closely-related field; (2) evidence of strong oral and written communication, computer and presentation skills; (3) a commitment to undergraduate and graduate teaching and student success. Preference will be given to those also having one or more of the following: PhD in Computer Information Systems, Computer Science, or a closely-related field, professional registration, teaching experience, relevant technical certifications or extensive relevant industrial experience. The successful applicant will demonstrate appropriate technical expertise to teach courses such as network administration, database management, C++ programming, Unix/Linux administration, Storage Area Networks, and Microsoft server administration.

#### Salary

Salary and academic rank will be commensurate with qualifications and experience.

#### Application Information

Review of applications will begin immediately and continue until the position is filled. Interested individuals must submit a letter of application indicating interest in the CNSA lecturer position, a description of how the applicant meets the required qualifications for the position, a detailed resume, the names and phone numbers of three current references, and available start date. Final candidate(s) will be required to furnish official college transcripts. Send electronic applications to: [pagorton@mtu.edu](mailto:pagorton@mtu.edu) (preferred). Or, to apply by mail, send application materials to:

Dean  
School of Technology  
Michigan Technological University  
1400 Townsend Drive  
Houghton, MI 49931-1295

#### Further Information

Information about the School of Technology, along with the curriculum and course descriptions, can be found on-line at: <http://www.tech.mtu.edu/>.

*Michigan Technological University, a nationally recognized leader in science and engineering education and research, has identified the following areas to be of strategic importance to the University: biotechnology, environmental science and engineering, manufacturing, nanotechnology, engineered materials, information technology, and natural resource development. MTU is an affirmative action, equal opportunity employer. The University is dedicated to the goal of building a culturally diverse and pluralistic faculty and staff committed to teaching and working in a multicultural environment and strongly encourages applications from women, minorities, individuals with disabilities and covered veterans.*
