Mission Statement
Our mission is to be a cohesive force linking:

- Students: Applications-oriented and recognized for contributions to their employers.
- Industry: Demand for a technologically advanced workforce.
- Faculty: Recognized for teaching, scholarship, service and business/industrial experience.

We prepare students to create the future.

Vision Statement
The School of Technology is nationally recognized for programs advancing technological literacy through excellence in learning, discovery, and engagement.

Strategies

- Become Benchmark for Administrative Effectiveness
- Develop Proper Mix of and Achieve Excellence in Academic Programs
- Develop, Strengthen and Promote Dynamic Industry Partnerships
- Enhance the Image, Visibility and Diversity of Our Programs; Highlight the Success of Our Graduates
